PROFILE SUMMARY

Hello! I am a passionate and responsible professional with outstanding communication and leadership skills. I am shifting from 13 years in financial services to focusing on my new career as a Software Engineer. As a dedicated problem solver, I display knowledge in C#, JavaScript, HTML, CSS, and supporting frameworks that solve real-world problems through code. I have experience in improving and updating software performance, as well as developing new software functionalities. Looking forward to connecting!

TECHNICAL SKILLS

- Knowledgeable in C# and JavaScript with a good knowledge of its functionalities
- Proficient in HTML & CSS
- Proficient understanding of code versioning tool: Git
- Proficient in database structures and SQL using Microsoft SQL Server
- Familiar with the use of ORM and Dapper in SQL
- Familiarity with the .NET framework (v5 and above), .NET Core, and .NET Core MVC
- Good understanding of object-oriented programming
- Ability to write clear, concise, and readable code
- Experience building RESTful API & JSon with CRUD functionalities
- Previous experience working in Agile/Test Driven Environments
- Familiarity with various design and architectural patterns, Entity Framework, & Mongo DB

SOFTWARE KNOWLEDGE

Development: Visual Studio, VS Code, Git Hub/Bash, MySQL, Razor, Dapper, Figma

Vocational: MS Office Suite, Salesforce, AWS, Encompass, EllieMae AIQ, Mortgage Hippo, CoreLogic Credco, Credit Plus, Loansphere/Black Knight, Excel, Microsoft Word, PowerPoint, Publisher, Argus, Apto, Pardot, LexisNexis, CoStar, LandVision, Docutech, DocuSign

Graphic Design: Select Adobe Products: InDesign, Illustrator, Photoshop

WORK EXPERIENCE

Homepoint Financial Corporation, Remote
